

Hi my name is Alexis Sundheim I been a Billings Jaycees member since March of 2021 and chose to jump in head first to help the chapter in leadership roles. My favorite part in being a Jaycee member is networking and meeting all the wonderful people involved in this organization! I look forward to everything I can learn in the coming years and all the help I can bring to my local community. I have now jumped head first in a leadership role of secretary/treasurer on the 2024 MT State Board. My goals this year are to further my education of the Jaycee organization, encourage communication between chapters and expand on my self confidence through the practice of public speaking. I look forward to serving on the MT state board this year. A little bit about my non Jaycee career, I have one fur baby her name is Remie. I enjoy spending time with my family, especially my niece and nephew. Going

out and dancing is one of my favorite past times! And I believe laughter is the best medicine!
