

It is an honor to be addressing you as your 2017 Montana Jaycees Parliamentarian! I am excited to be part of the amazing and energetic team President Bridget has assembled to serve you throughout 2017. Having previously served as your State Newsletter Director and State Individual Development Vice President, I am eager to expand my Jaycee knowledge and experience as Parliamentarian.

I am Billings born-and-raised but have also had the fortune to experience life abroad. I have a passion for people, the outdoors and am a creator by nature! I am an avid fisherman, hunter and I enjoy creating custom works (usually furniture) with found objects and can usually be found tinkering in my shop in my free time. I have a Master of Architecture from Montana State University and currently work for High Plains Architects specializing in adaptive reuse, historic preservation, high performance buildings, and sustainable design.

It has taken the support of many amazing individuals, multiple dedicated chapters, and one limitless organization to instill in me a level of confidence, immense sense of loyalty, and an insatiable desire to serve! I only hope that I possess the ability to affect these same changes in ALL of you. I will never have ALL the answers but I promise I will use every resource in my “arsenal” to point you in the right direction! I look forward to the successes we will share in the coming year and am humbly at your service.

That being said, here is to elevating and molding one another into the leaders all else will strive to be!

Members Matter!

Brad Kahler | 2017 MT Jaycees Parliamentarian
